2025

SALARY SURVEY

INTERNAL AUDIT

OVERVIEW

Internal Audit teams have a big year ahead of them in 2025 - with the introduction of the new Internal Audit Code of Practice, the spotlight is on the sector.

It is hoped that the new Code will pave the way for improved outcomes for Internal Audit professionals in the UK finance sector, and with plenty of regulatory change scheduled for the upcoming year, any clarity is sure to be welcomed!

The following salary survey outlines the average salaries we are recognising in UK-based Internal Audit functions.

For more detail, please contact the Lutine Bell Internal Audit team.
